## [Band of Brothers come to Pennsylvania](#)

The crowd in the lobby of the Lycoming College Academic Center stood in hushed silence, staring at the three aged men sitting at a long table. Had a person encountered these men sitting on a park bench somewhere, they might have seemed like any other elderly gentlemen. They were indeed gentlemen - and they were legends.

Buck Compton, Don Malarkey, and Clancy Lyall served in Easy Company, 506th Parachute Infantry Regiment, 101st Airborne Division, U.S. Army during World War II. The pen of the late historian Stephen E. Ambrose immortalized this unit in the landmark book, "Band of Brothers." The HBO adaptation of Ambrose's book turned the surviving veterans of Easy Company into cultural icons.

When I learned that these old soldiers were scheduled to appear in Williamsport, I decided to make the trip on a Saturday evening to see them. I took with me my hardcover S&S Classic Edition of Band of Brothers, already signed by the much beloved and admired commander of Easy Company, Major Dick Winters. I hoped to have Compton, Malarkey, and Lyall sign it as well.

When I first saw them, I noted the difference in their appearances. Malarkey's snow-white hair matched his white jacket adorned with the Screaming Eagle emblem of the 101st Airborne. Compton appeared slightly frail, but smilingly acknowledged all visitors and autograph seekers. Lyall, wearing a black baseball cap and with his lovely wife sitting nearby, joked and smiled as well. Lyall served in three wars - World War II, Korea, and Vietnam.

I arrived fairly early, and fell into the line of visitors organized by the event coordinators. By the time I left, the line stretched around the lobby and nearly doubled back upon itself. Standing patiently in line were several active duty military personnel in their uniforms, as well as others who were clearly veterans of other conflicts, with caps and shirts emblazoned with unit insignias.

The long line did not allow for much interaction with the three men, but I shook each of their hands after they signed my book. I wondered what thoughts must go through their minds at events such as the one I attended at Williamsport. In 1944, these men were fighting for their lives in the harsh snows of Bastogne during the Battle of the Bulge - and now, in 2007, nearly 63 years later, they sign autographs and pose for pictures like

Hollywood superstars.

The event organizers sold numbered prints, glossy photographs, and other items to raise money for the Intrepid Fallen Heroes Fund, a worthy cause that, when the soldiers of Easy Company came home from their war, did not exist. A man and his son standing behind me in line bought one of the prints for the veterans to sign, and I secretly longed for some additional wall space at home to hang such a print myself.

My book now features the signatures of four Easy Company veterans, but the book itself is merely a keepsake of something more important. It is a remembrance of an encounter with history. I can look at the book and not only read the story of Easy Company, but recall the evening that I shook hands with Buck Compton, Don Malarkey, and Clancy Lyall. In years to come, I can tell my daughter about this special evening, and pass the book along to her.

*From this day to the ending of the world,  
But we in it shall be remembered-  
We few, we happy few, we band of brothers;  
For he to-day that sheds his blood with me  
Shall be my brother...*

## MAIL CALL

[An opinion!](#) From The Daily Item Sunbury – July 28, 2007 - **Wave the flag** by Phil Hartranft of Montgomery .

I normally read the letters to the editor and quickly move on to other areas of the paper.

But George Jenks' recent letter (Not Proud of Flag) got every bit of my retired USMC blood boiling to a fever pitch.

I am in no way challenging his right to express his negative feelings about the American flag because that is actually one of the freedoms we all enjoy while we are fortunate enough to still have it flying from our flag-poles.

We can say what we want without fear of any reprisals.

But in the same vein, I am not about to sit back and let his negative remarks about my flag and my country go unanswered.

The American flag is and has always been a symbol known throughout the world as standing for freedom.

I proudly served under the Stars and Stripes' for 20 years in the United States Marine Corps and never once did I ever see or hear any of those people we were trying to help bad-mouth' our flag or our great country.

That Flag, that he refers to as a piece of cloth deserving no reverence', has been carried from one end of the world to another to help those striving to enjoy the same freedoms we enjoy in this great country we call home.

To a mother, father, wife, son or daughter clutching the American Flag to their chest after seeing it removed from covering their loved ones' casket it is much, much more than a piece of cloth' as he refers to it.

I have no intention of entering into a political discussion of what our country should or shouldn't do in the world today.

But, I will tell you flat out that I am proud to be an American living in this great country of ours and that the American flag will always maintain its place of honor with my family and I.

I guess you can say I'm one of the "God fearing, flag-waving, proud to be an American" group who still get choked up when the American Flag makes its presence known or our National Anthem is being played.

And, do you know something else -- I wouldn't have it any other way! God Bless America: All of us!

Phil Hartranft – July 28, 2007

[Future planning Sesquicentennial of the American Civil War](#) - years 2011-2015.

The approaching Sesquicentennial of the Civil War offers the current generation of Americans a most important opportunity to know, discuss, and commemorate this country's greatest national crisis, while at the same time exploring its enduring relevance in the 21<sup>st</sup> century.

In preparation for the Sesquicentennial, the National Park Service-through the collective effort of the superintendents at Civil War-related parks-proposes to undertake a multi-faceted, multi-year integrated program that will simultaneously transform and improve interpretation of the Civil War in our national parks while providing a national forum for the observance of the Sesquicentennial of America's greatest national crisis.

During the preparatory period ((2005-2011), the web site below will present information on the events leading up to the Civil War, so that the Sesquicentennial can be experienced as the 150<sup>th</sup> anniversary of major military events, but also of social, political, economic and cultural transformations that have changed the nation forever. President Franklin D. Roosevelt Speech and D-Day Prayer - June 6, 1944

If interested, the link below will take you to a very touching speech and prayer. You can read the entire thing. Or, you can click to hear the speech in his own words.

The World War II soldiers, known as the "Greatest Generation." There are very few left from that era. --- Lest We Forget !!

~~~~~  
This is the prayer originally entitled "Let Our Hearts Be Stout" written by President Franklin D. Roosevelt as Allied troops were invading German-occupied Europe during World War II. The prayer was read to the nation on radio on the evening of D-Day, June 6, 1944, while American, British and Canadian troops were fighting to establish beach heads on the coast of Normandy in France.

The previous night, June 5, the President had also been on the radio to announce that Allied troops had entered Rome. The spectacular news that Rome had been liberated was quickly surpassed by news of the gigantic D-Day invasion which began at 6:30 a.m. on June 6. By midnight about 57,000 American and 75,000 British and Canadian soldiers had gotten ashore. **Allied losses on D-Day included 2,500 killed and 8,500 wounded.**

[PATRIOTIC INSTRUCTOR/GAR HISTORIAN](#), by Dave Klinepeter

The week of (Aug 9-12, 2007) was the National Encampment of the Sons of Union Veterans in St. Louis. If everything goes as hoped, **Brother Charles Kuhn** will become National Commander-in Chief of the Sons of Union Veterans of the Civil War. He is a member of Hartranft Camp 15.

In 1949, at Indianapolis In., **John H. Runkle**, a member of Hartranft Camp 15 became National Commander-in-Chief of the Sons of Union Veterans of the Civil War. that occasion was very special as it was the 83<sup>rd</sup> National encampment of the GRAND ARMY OF THE REPUBLIC. THIS WAS THE *FINAL* ENCAMPMENT OF THE GAR. The date was August 28-September 1, 1949.

There were a number of Union Veterans of the Civil War living but were in poor health, most were over 100 years in age and unable to travel.

Yes, I was at Indianapolis. As long as I knew John Runkle, he never went to any National or State Encampment without the Fife and Drum Corp. There were about 12 members of the Drum Corp in attendance. Most of us were too young to be delegates at the Sons Encampment, so we did sightseeing! The one evening at supertime we went to the Claypool Hotel, (headquarters for the GAR boys), to play for them. Albert Woolson was the only one in the lobby. Major John H. Runkle took Harry Runkle's drum and placed it between Albert Woolson's legs than gave him a pair of drumsticks. It was a special privilege to have him play along with us. On August 29, 1949, the Post Office put out a first day issue stamp. There were many vendors selling special envelopes for the occasion. I did buy 27 different envelopes, went into the post office there, bought the stamps and LICKED every one (no peel off stamps during that era). Then they were handed to the clerk to be canceled.

Continued

This picture, taken, in front of the Indiana Soldier's and Sailor's Monument on the 1949 First Day issue of the GAR stamp. The vendors were on all four sides.

Continued

On Wed August 31, 1949 at 6:30 pm, the last parade for the Grand Army of the Republic stepped off with Commander-in-Chief Theodore Penland's car in the lead. Next in the line was the United States Marine Corp Band from Washington D.C. in full dress parade uniforms, followed by the 6<sup>th</sup> Infantry Field Music, Sons of Veterans Reserves from Harrisburg, Pa and led by Major John H. Runkle. This was the only time I remember that the Fife and Drum Corp did beat our drums. We enjoyed marching to the music of the Marine Band. As the parade was coming to an end, it started to thunder and lightning. The sound effects were likened to cannon firing in battle. It did rain a bit.

**Note**, As I write about John Runkle, the SUVCW, the SVR, the Drum Corp, and Camp 15, there is no way to separate them. They all interwoven. It is difficult to put things in proper sequence. As I write about items, it causes me to remember other things we did together. I also realize that to the older members [some of this is a repeat]; however, I wanted our newer members of Camp 15 to know about the older ones who made strong commitments over many years to keep the Sons of Union Veterans going and to keep alive the memories of all the Union Veterans as well as the Grand Army of the Republic, our father organization. --- DJK
